

Washtenaw Community College
Competitive Admission Process (2019-20 Academic Year)
POINT SCALES FOR ALL PROGRAMS

WCC has a competitive admission process for all programs that have been designated as high demand (one for which there are more qualified applicants than openings for an entering class). Applicants are required to meet all prerequisite/admission criteria and will be ranked based on a point system with the best qualified applicants being selected for admission. WCC's competitive admission point scales for all programs are listed below.

Details regarding WCC's **Admission to High Demand Programs** policy including priority levels can be found on WCC's website at <http://www.wccnet.edu/trustees/policies/2005/>.

For more information regarding requirements for any second tier health program, visit WCC's Enrollment Steps for Health and Second Tier Program Students page at <http://www.wccnet.edu/studentconnection/admissions/health-second-program/>, For information regarding any non-health related second tier program, visit WCC's website at www.wccnet.edu/programs and select your program of interest.

Students with questions or concerns regarding WCC's competitive admission process or completing and submitting a second tier program application should contact the Health and Second Tier Admissions Office at (734) 973-3596, (734) 477-8998, or healthadmissions@wccnet.edu.

Students are encouraged to meet with an advisor to discuss the timing and selection of admission requirement and support courses. Advisors are available to meet with students on a walk-in basis or by appointment during regular business hours. Appointments can be scheduled through the WCC Gateway by clicking on Student Services Appointments or by calling (734) 677-5102.

All GPA calculations will be based on a 4.0 GPA scale. All course grades including transfer courses will be calculated based on WCC's Grading Scale below.

WCC's Grading Scale

Grade	Grade Points Per Credit Hour
A+	4.0
A	4.0
A-	3.7
B+	3.3
B	3.0

C+	2.3
C	2.0
C-	1.7
D+	1.3

All GPA calculations will be based on semester hours. Course hours and cumulative GPA totals from schools using quarter hours, will be converted to semester hours and the quality points will be recalculated to reflect semester hours.

How to calculate:

$(2 \times \text{Number of Quarter Hours}) / 3 = \text{Semester Hours}$

$\text{Number of Semester Hours} \times \text{Grade Points Per Hour} = \text{Quality Points}$

1. CUMULATIVE PROGRAM PREREQUISITE GPA

The student's grade/GPA of all required program prerequisite courses will be included in the calculation. Students will be awarded points based on their cumulative program prerequisite GPA according to the scale below.

How to calculate:

$\text{Number of Credit Hours of course} \times \text{Grade Points Per Credit Hour} = \text{Quality Points}$ (See WCC's Grading Scale on page 1 to determine grade points.)

$\text{Sum of Quality Points from all prerequisite courses} / \text{Sum of GPA Credit Hours from all prerequisite courses} = \text{Cumulative Program Prerequisite GPA}$

- B. Student with the highest Cumulative College GPA (or when meeting specific program prerequisites, the Cumulative High School GPA may be used).
- C. In the unlikely event that applicants are still tied after evaluation of tie breakers A and B, applicants will be chosen based on a lottery for their position in the class.

13. EXTENUATING APPLICATION PROCESS FOR PROGRAMS THAT HAVE SEATS AVAILABLE AFTER INITIAL APPLICATION DEADLINE

In the event that there are more accepted and/or alternate candidate seats available than completed applications received at the end of the initial application deadline, the application will remain open until all seats in the program are filled. At this time, students who do not meet all admission requirements but who anticipate meeting all requirements by the date specified in the application packet are encouraged to submit their incomplete application to be considered for a seat on a conditional basis. As soon as all seats are filled, the application will be closed and applications will no longer be considered for the current admission cycle. In this case, students will be considered for an accepted or alternate candidate seat based on the following:

- A. The date the student's application was received by the Health and Second Tier Admissions Office.
- B. If multiple applications are submitted in a day, applicants will be chosen based on a lottery for their position.
