0003 Contrary to Law Provision

If any provision of this Agreement or any application of this Agreement to any faculty member or faculty members should be found contrary to law by a court of last resort or court of competent jurisdiction from whose final judgment or decree no appeal has been taken within the time provided for doing so, or to rule or regulation of appropriate State agencies from which rule or regulation no appeal has been taken within the time provided for doing so, then such provision shall be deemed invalid except to the extent permitted by law but all other provisions hereof shall continue in full force and effect.

Classified faculty shall not exceed twenty percent (20%) of the bargaining unit. The term faculty member used hereinafter in this agreement shall refer to all members of the bargaining unit. All other employees of the College are excluded from the bargaining unit.

0005 Exclusive Rights

0005.1 The Board agrees not to negotiate with any faculty member individually, or with any faculty organization other than the Association for the duration of this Agreement, nor to refer to any other group any problem for any purpose which is properly the subject of negotiation.

0005.2 No College facilities, resources, personnel, or equipment shall be used by the Board or any of its appointees or employees to support any organization or businesses assuming or attempting to assume any functions or legal rights of the Association, except for proper actions under the Public Act 379 for "de-certification" election procedures.

0020 Office Space

The Board shall provide the Association with LA 230 or its equivalent office space.

0021 Use of Facilities

The Association, for the purpose of carrying out its business, shall have the right to use nonproprietary College facilities, equipment, and services including copiers, calculators, computers, and all types of audiovisual equipment when such equipment is not otherwise in use, except that the Association shall provide its own expendable supplies which may be purchased from College inventory.

0022 Posting of Association Notices

0025 Association Leave

The Board shall provide the Association with ninety (90) clock hours at the beginning of every school year to be used by faculty members who are officers or agents of the Association, such use to be at the discretion of the Association President. The Association President agrees to notify the Vice President for Human Resources and Labor Relations within forty-eight (48) hours of taking such leave, but a faculty member (other than the Association President) must notify the Dean or immediate supervisor prior to the absence.

0026 Faculty Member Rights

The faculty members shall have the right to teach in an atmosphere of free intellectual inquiry and not be subjected to restraints or harassment which would impair teaching. There shall be no restrictions which would impair the faculty members' ability to present their subject matter.

0027 Citizenship Rights

Faculty members shall be entitled to full rights of citizenship and no religious and political activities of any faculty member or the lack thereof shall be grounds for any discipline or
discrimination with respect to the professional employment of such faculty member. The private, personal life of a faculty member is not within the authority of the Board.

0028 Ownership and Use of Staff Developed Material

0028.1 Use. The College shall have perpetual use of faculty developed material if the faculty member consents to the multiple duplication or distribution of the material. The only evidence of the faculty member's agreement to share use of their material is the actual duplication or distribution of the material.

0028.2 Ownership. Those materials resulting solely from a faculty member's own resources, ideas, and initiations, and which involve only minor use of College facilities, are the sole property of the faculty member and any proceeds derived from those materials shall accrue to the faculty member alone.

Those materials developed by a faculty member with major support from a College department will be reviewed to determine ownership and residual rights. Such review will be conducted by the Intellectual Property Rights Committee.

The membership of the Intellectual Property Rights Committee shall consist of:
- the faculty author(s) who initiated the project proposal
- the faculty member's Dean
- one representative of the WCCEA
- the Vice President for Finance
- the Vice President for Instruction

The Committee will be responsible for developing an agreement between the College and the author(s) as to ownership and residual rights. The Committee will review the proposal and estimate the costs of the project and the extent of College support involved. The Committee will deliberate and decide on right to royalties and royalty percentages or other methods of cost reimbursement if the product is to be marketed. The Committee will decide on other options related to ownership and usage rights such as the methods of distribution and marketing, if that is the intent, and the methods of revision of the material in the future. The administration encourages and promotes the development of educational materials by faculty. Therefore, the interest of the College in supporting most collaborative efforts of a substantial nature is understood to be a recovery of production costs only.

The requirements or criteria which constitute major or substantial support from the College and require that the proposal be brought before the Intellectual Property Rights Committee are any one of the following:

a. The faculty member has been provided, or it is estimated that the project will require, the equivalent of thirty (30) or more hours of support from a college department.

Salary only shall be prorated in proportion to time worked.

0108.2 Part-time Teaching Faculty. Part-time teaching faculty may be assigned a maximum of 360 contact hours per year, but not more than 120 contact hours in any one Fall, Winter or Spring/Summer Semester. 2. For each arrangement a part-time faculty member may be assigned to the three portions (2 labs, 1 large lecture) for the 10.5 contact hours per week, with adjustment in Spring/Summer. However, the 360 total annual contact hour limit is neither waived nor altered by this exception.

3. Contract Training Courses: An exception to the semester maximum may be made if an assignment involves Contract Training. Contract Training describes a type of educational service provided by the College, under written agreement (a contract) to a corporation, company, or limited group. The Office of Human Resource Management will maintain a list of the exceptions.

0108.3 Part-Time Employees. The Board shall not use part-time employees to replace full-time faculty members presently employed. The total number of contact hours generated by part-time faculty members during the Fall and Winter semesters shall not exceed thirty-seven (37%) of the total number of contact hours generated within the College by full-time instructors and all adjunct faculty during the Fall, Winter, and Spring/Summer semesters. Non-credit contact hours shall not be subject to this provision.

For purposes of this section:

1. The base teaching workload for full-time teaching faculty shall be stipulated at 450 contact hours.

4. The percentage shall be calculated on the basis of contact hours taught during the Fall, Winter and Spring/Summer semesters.

0108.5 New and Experimental Programs/Projects. The Board may hire faculty members for a period of up to one (1) year to staff experimental programs/projects. These faculty members shall not be subject to the provisions of this Agreement and shall not be entitled to employment continuation rights beyond the life of the experimental program/project. under the terms of this Agreement as though they had continued in the bargaining unit.

0108.6 **Programs Funded Outside College Funds.** Courses and programs dependent on outside funding will not be continued beyond the life of the funding agreement. Outside funds come from grants and other programs that the College specifically applies for and generally are for a fixed period of time and a specific purpose. Outside funded positions are those positions that are 50% or more funded with outside funds. Faculty members hired for these programs shall have no contractual renewal rights. However, in the event that such faculty members are offered full-time faculty status, full-time College service will be applicable to seniority.

0108.7 **Full-Time Adjunct Faculty Member.** Absences or vacancies caused by full-time faculty members who are ill or on other approved leave may be filled with a full-time adjunct faculty member until such time as the full-time faculty member returns to work.

Full-time adjunct faculty members may also fill a vacancy resulting from a full-time faculty member's resignation, promotion, transfer or death. A full-time adjunct faculty member may be hired to assume the complete assignment or load of the full-time faculty member until such time as a new faculty member is hired.

Full-time adjunct faculty members may be hired to assume unassigned classes or assignments during the Spring/Summer semester and/or Spring/Summer sessions.

Full-time adjunct faculty members shall not be subject to the provisions of this Agreement except that their assigned work load will conform to the conditions of this Agreement. Full-time adjunct faculty members shall have no contractual renewal rights. Full-time adjunct faculty members may be entitled to appropriate fringe benefits if the assignment is for a predetermined period of time in excess of a fifteen (15) week semester. 0109.1 **During the Fall and Winter semesters,** faculty members within the discipline or program area shall be granted the right of first refusal of fifty percent (50%) of all overload classes or assignments that exist in that discipline or program area of the college, including related Continuing Education offerings. Compensation for
teaching noncredit classes shall be on an overload basis. Noncredit contact hours are not to be assigned as part of an instructor’s base load unless credit courses are not available in the faculty member’s discipline/specialty or unless a special contract education project requires the expertise of a faculty member, they agree to do the work, and the assignment is approved in writing by the Vice President for Instruction.

During the Spring/Summer semester and/or Spring/Summer sessions, faculty members within the discipline or program area shall be granted the right of first refusal to all overload classes or assignments that exist in that discipline or program area of the college, including related Continuing Education offerings. The College shall have the unrestricted right to use part-time and/or full-time adjunct faculty notwithstanding the provisions of 0107.3 of the Agreement. Short-term courses, externally funded programs/courses, weekend courses or those offered after the regular hours shall be excluded from the conditions of these provisions.

0109.2 The semester overload teaching rate for all professional instructors, professional counselors, professional librarians, and professional service personnel not at step 30 of the salary schedule shall be 1.5% (0.015) of the face value of the faculty member's full-time contract for each course contact hour taught. One (1) course contact hour shall equal fifteen (15) contact hours of instruction. However, the course overload teaching rate for all professional faculty at step 30 shall be at the rate paid at step 29 for each course contact hour taught. All professional instructors shall be compensated at the overload rate for each course contact hour taught above the semester limit stipulated in Overload Eligibility (0108.5). All professional counselors, professional librarians, and professional service personnel shall be compensated at the overload rate for each course contact hour taught above the faculty member's forty (40) hour work week.

The hourly overload non-teaching rate for all professional instructors, professional counselors, professional librarians, and professional service personnel shall be 0.05% (0.0005) of the face value of the faculty member's full-time contract for all non-teaching overload assignments above the faculty member's forty (40) hour work week.

Professional faculty members who are absent from an overload assignment shall have their compensation reduced accordingly, except for approved college business (conference attendance or other administrative/faculty activities mutually agreed to) or for documented jury service.

0109.3 Contact hours for professional faculty teaching in the Spring-Summer semester will be calculated assuming that Spring/Summer courses will maintain a typical schedule (e.g., if a ten-week section with 45-contact hours that, under normal circumstances, would have 20 class meetings, loses one or more class meetings due to a national holiday, weekly contact hours will be calculated as if the section were scheduled to meet 20 times).

0109.4 A professional instructor may be offered and may accept overload assignments in a scheduled semester; however the overload contact hours shall not exceed
ninety (90). During the Spring/Summer semester and/or Spring/Summer sessions, a professional instructor's maximum weekly overload shall not exceed twenty-one (21) contact hours per week.

Counselors and professional service faculty shall be entitled to all overload within their area if they are unassigned (i.e. they are on non-reporting days) up to the weekly maximum of forty-two (42) clock hours. During the 200 day base load period, the overload maximum shall not exceed 480 clock hours. The combination of base load and overload clock hours shall not exceed twelve (12) hours in any given day.

0109.5 All overload hours, both instructional and non-instructional, must be mutually acceptable to the College and the faculty member and contracted for in writing on the faculty member’s load report. Overload hours shall be designated in the following order: courses for which there are scheduled meeting days and times, distance learning courses (section number “DL”), study problems courses (course number 189), workplace learning courses counted for contact hours as opposed to opting for a per student rate of pay (course numbers 174, 274, 199). In order to facilitate the remedy of deficiencies identified through the faculty evaluation process, the dean may limit or deny approval of overload assignments.

0109.6 For the purpose of calculating course contact overload hours, a base teaching load of 15 contact hours per week shall be equated to 225 contact hours per 15 week semester. Fall semester-A professional instructor shall be paid overload compensation when their teaching load exceeds 225 contact hours. Winter semester-A professional instructor shall be paid overload compensation when their cumulative base teaching load exceeds 450 contact hours.

0109.7 Frontloading is allowed under special circumstances. Frontloading is defined as adding up to three hours extra base load in the Fall term with the understanding that base load in the immediate subsequent Winter term will be up to three (3) hours less than the normal base load. Teaching faculty that invoke frontloading may teach up to twenty-one (21) contact hours in the Fall semester adjusting the base load to eighteen (18) contact hours. Teaching faculty who chose this option will be limited to teaching the remainder of the base load (twelve (12) contact hours) during the Winter semester.

0110 Substitute Teaching

0110.1 There will be a 30-hour (total) limit on substitution over the two (2) base load semesters (Fall and Winter) of any academic year.

0110.2 Those faculty who are not teaching 315 hours in any base load semester may substitute until they reach 315 hours in that semester, after which the 30-hour limit will apply.

0110.3 Substitution in the Spring/Summer semester will be limited by the requirements of Paragraph 0109.4 of the Master Agreement.
0111 Limitations: Extended Day Schedules

0111.1 Each professional instructor may be assigned extended day classes a maximum of four (4) nights per week for one (1) semester or the equivalency thereof throughout the academic year.

That is, professional instructors may teach a Fall or Winter semester and the Spring/Summer semester combination so as to satisfy the base load requirements provided that 450 contact hours are taught during this period, unless the professional instructor has been assigned to an alternative assignment. In no event shall an instructor satisfy the base load requirement in less than 158 days. All professional instructors have a

These sections must be scheduled at separate meeting times from other courses the faculty member is teaching. If sections do not have separate meeting times, it will be assumed that the sections are combined with other sections and no additional compensation will be provided.

In the event that the administration determines that a department chair is necessary for coordination of any program or subject area, department chairs are to be elected from the instructional staff assigned to the area. Prior to the election of department chairs, the appropriate Dean will review with the department the duties and the evaluation methods related to those duties for the department chair. Such duties and the evaluation methods will be developed based upon the department chair evaluation forms available from the Vice President for Instruction. Feedback from members of the department is a required part of the evaluation methodology. Although recommendations for changes to the department chair evaluation forms can be made at any time, open and frank discussions between the Dean and the department specifically related to the content of those forms should generate substantive recommendations for change. After the Dean meets with the department, the department will elect its chair from eligible candidates. The President will recommend to the Board whether or not to approve the results of the chair elections. Subsequent to the Board’s approval of the elected department chairs and prior to the new department chairs assuming duties, normally done on July 1 of each year, each new department chair will meet with the appropriate Dean to further refine their mutual understanding of the duties and the evaluation methods related to those duties for the department chair. 0506 Michigan Public School Employee System

The College and the Association have occasionally received inquiries from Association members regarding the crediting of service years and earnings for the Michigan Public School Employee Retirement System (MPSERS). This is particularly true because the MPSERS system reporting and contribution requirements have changed in recent years due to legislative action and administrative changes at the State level.

The WCCEA and the College believe the current method of reporting service years and earnings to MPSERS to be in the best interests of both the College and the employees. In order to clarify and document the current and recent past practice and the parties' understanding, the parties agree as follows:

Faculty have a year round commitment and responsibility to the College. College faculty are paid on a semi-monthly basis over the 12-month year.

For purposes of the MPSERS retirement system, contributions (by the employee and the College) and employee service years will be credited and reported to the State each year beginning with the start of the College's fiscal year, July 1st, and ending on June 30th.
Optional Retirement Plan

The College will provide a Retirement Health Savings Plan for all full-time unit employees who choose the Optional Retirement Plan (ORP) in lieu of the MPSERS Plan. The College agrees to contribute $1,400 per participant each calendar year (January - December) on a bi-monthly basis (in alignment with the payroll cycle) into the ICMA Retirement Corporation Retirement Health Savings Plan.

Full-time unit employees hired after February 1, 2008, will contribute one percent (1%) of their base pay to the plan in addition to the College’s contribution.

Sick days from the bank will be allocated at the discretion of a faculty committee appointed by the President of the Washtenaw Community College Education Association.

0702 Leaves of Absence for Personal Illness

Leaves of absence without pay or fringe benefits for personal illness or poor health may be granted in increments of semesters for one (1) year and may be extended from year to year by the Board. In order to continue any employment security, the employee must be on an
approved Long Term Disability Leave according to the underwriter’s regulations the 181st
day of their disability. Calculation of disability days is continuous throughout duration of
disability, not contingent on assignment.

For employees who have worked for the College at least 1250 hours over the prior twelve

toward the employee’s entitlement under the Family and Medical Leave Act of 1993.

purpose of attending the funeral or making necessary arrangements. In the event of the

decided on the basis of that case and no previous decisions on similar cases shall set

semester, or for two (2) days immediately preceding or following a holiday, or for use of
personal business days contiguous to four (4) or more vacation or non-reporting days.

0706.2 A leave of absence shall be granted to a faculty member for not less than four (4) months and up to one (1) year provided the faculty member notifies the Board sixty (60) days in advance for the purpose of campaigning for political office, without pay or fringe benefits.

0707 Military Leave

A military leave of absence will be granted to any faculty member of the College in the event of induction or voluntary enlistment into the armed forces for extended active duty. No salary or collateral benefits will be allowed for extended leave. When a faculty member must take temporary military duty, but not extended duty, and this leave falls within a contracted period, the Board of Trustees shall compensate the faculty member for the difference between the contractual salary and military pay and allowances for the leave period. The College shall continue its normal contribution to insurance and other fringe benefits during the temporary period for military leave. Leaves accumulating in excess of ninety (90) calendar days are considered as extended military leaves. Credit shall be allowed on salary schedule for military leave up to a maximum of four (4) years.

0708 Special Training or Advanced Education Leave

0708.1 Upon their written agreement, a faculty member may be given special training or education leave by the Board to prepare for special programs or curriculum projections of the institution which call for specialists not currently on staff. In such cases, the College shall meet all costs of such training or education including housing and transportation and will continue all faculty benefits to which the faculty member would be entitled were they serving on campus.

0708.2 Benefits. Benefits only will be provided for faculty members on approved advanced study leaves as provided for with other leaves in this Agreement. The value of the benefits shall be based on the face value of the current full-time contract held by the faculty member at the time the leave was approved. The benefits will be paid only up through the first year of the approved leave and the faculty member must agree to return to the College for one full year after the leave is completed. If they do not return for the one full year, they will return to the College all sums contributed to their benefits during the leave period.

0709 Sabbatical Leave

0709.1 Sabbatical leaves will be granted to eligible faculty, for one and two fifteen-week semesters and for short leaves of less than one semester for the purpose of resident study, travel, or other purposes designated to improve the service of the faculty member to the College. All sabbatical leaves shall be processed as follows: faculty member request to Dean, then to Sabbatical Leave Committee,
then to Vice President for Instruction, then to President, then to Board; and all proposed sabbatical leaves require Board approval. For each year of the contract, six (6) full sabbatical leaves (90 weeks) shall be granted. These sabbaticals may be in periods of one 15-week semester at full pay or two 15-week semesters at half pay; these sabbaticals may also be granted for full pay in periods of less than one semester. For instructional faculty, sabbatical granted for a 15-week term shall begin on the first reporting day of the semester, including in-service reporting days. For non-instructional faculty, sabbaticals for a full 15-week term shall include eighty (80) consecutive reporting days.

0709.2 Sabbatical leave shall be granted upon completion of five (5) full-time uninterrupted years of service, comprised of work that is covered by, performed under, the Master Agreement (i.e., professional instruction, clinical instruction, etc.), and that is immediately preceding the sabbatical leave. Absence for professional improvement will not interrupt years of service. A leave granted under this provision for a period of one semester or more shall be a bar to any further leave hereunder until they are credited with at least five (5) years additional continuous service. Any faculty member who has completed five (5) full-time years of uninterrupted service as of the end of first academic week of a Fall or Winter Semester shall be eligible for sabbatical leave.

A faculty member may not take a sabbatical leave during an academic year in which he or she has agreed to serve as a Department Chair. The faculty member shall retain the right to choose between either serving as the Department Chair, if elected, or taking the sabbatical leave, if granted and approved. This is consistent with the practice of not dividing a single Department Chair assignment between faculty members over the course of an academic year, absent extenuating circumstances.

0709.3 The application for leave of a semester or longer shall contain a definite statement of the plan for resident study, travel, or other activities. The application for sabbatical leave will be filed with the Sabbatical Leave Committee through the College’s Office of Human Resource Management on or before March 12th for leaves scheduled to start the next academic year. If leaves remain after the initial granting of sabbatical leaves in May, or additional leaves are made available after the beginning of the fiscal year, the Sabbatical Leave Committee will accept additional applications on or before October 1st for leaves to be granted beginning the second semester of the College year. These leaves may be granted for one (1) 15-week semester at full pay or two (2) 15-week semesters at half pay. The Sabbatical Leave Committee will inform the applicant of the status of their application not later than sixty (60) reporting days after the submission deadlines.

Eligible faculty members whose applications are not acted upon favorably will be required to re-submit their applications for future consideration.

Application for shorter (less than one semester) leaves shall contain a statement of the nature of the leave, dates and period of time covered, anticipated benefit to instructor and the College. The application for leave must be approved by the instructor’s Dean before submission to the Sabbatical Leave Committee. Applications for leave may be made any time during the year.
0709.4 The Sabbatical Leave Committee will consist of five (5) members and a representative from Human Resource Management who is ex officio. The five (5) members will be drawn as follows: Three (3) faculty members appointed by the Association and two (2) administrators appointed by the Administration. Committee members may serve for no more than three (3) years. The faculty member serving in his or her third year will be chair of committee for that year, unless determined otherwise by the Association.

0709.5 It will be the responsibility of the Office of Human Resource Management to receive applications. The Sabbatical Leave Committee will consider all applications submitted by eligible faculty. The Committee will not be bound to consider applications not meeting the filing date. The merit of the applicant’s proposal will solely govern the Committee's decision. Where the merit for two (2) applicants is equal, the decision will be based on seniority.

0709.6 Eligible faculty will submit their applications for full sabbatical leaves not later than March 12 of each year for the following academic year. All sabbatical leaves of a semester or shorter shall be granted at full pay and benefits.

0709.7 Upon the expiration of leave granted pursuant to this section and upon presentation of evidence satisfactory to the Board showing full compliance with its terms and conditions, the faculty member shall be returned to full active status. Failure to present such evidence may result in disciplinary action under Paragraph 0205 of this agreement.

0709.8 Before any leave is granted under this section, the faculty member shall agree in writing that in the event that they fail to return to full and customary service at the expiration of such leave at the College for a period of at least one (1) year thereafter, they shall refund all sums of money paid them by the Board during said sabbatical leave.

0709.9 When a leave is granted under this section, the absence shall not be construed as a break in service for any purpose.

0709.10 Faculty members on sabbatical leaves are not eligible for overload contracts at Washtenaw Community College during the sabbatical leave period.

0710 Leave for Education

Leave for work experience in education, business, industry, and/or government may be granted for a maximum of one (1) year. The leave may be extended for one (1) additional year upon the receipt of a written request from a faculty member and approval of the Board. Requests for extension must be made sixty (60) days prior to the termination of the faculty member's current leave. Such leave shall be without pay or fringe benefits.

Subject to prior approval of his/her Dean, each faculty member will be allowed a total of $300 per academic year for this purpose, and/or for the purpose of subscribing to professional journals and the like. The $300 may be individually accumulated over the duration of this Agreement, but is not transferrable.

Such leave requests must be accompanied by a written statement from a physician attesting to the employee's ability to continue performing the full schedule of their duties and responsibilities.

0712.1 A faculty member on leave under this contract provision wishing to return to active status shall file a written request with the Office of Human Resource Management at least thirty (30) calendar days prior to the beginning of the semester or session that they wish to return to work.

A leave to serve in a professional organization may be granted for a maximum of one (1) year. The leave may be extended for one (1) additional year by written request of the faculty member and approval of the Board. Requests for extension must be made sixty (60) days prior to the termination of the faculty member's current leave. Such leave shall be without pay or fringe benefits.

Such leave may or may not be without pay and fringe benefits.

A grievance is an alleged violation of an article or section of this Agreement or of any rule or regulation. All faculty members on continuing contract shall have the right to grieve any reprimand or disciplinary action, or any performance evaluation that could result in loss of any professional advantage. Nothing contained herein will be construed as limiting the right of any faculty member having a grievance to discuss the matter informally without the intervention of the Association or its representative, as long as the adjustment is not inconsistent with the terms of this Agreement. Written notice will be given to the Association at least forty-eight (48) hours prior to any and all grievance hearings. Within five (5) business days after presentation of the grievance, the Dean shall give his or her answer orally to the faculty member, or to the Association representative if the faculty member is not available.

0802.2  Step One

A. If the grievance is not resolved in 0802.1, then within five (5) business days of receipt of the oral answer, the grievance must be stated in writing, signed by the grievant, and submitted to the Vice President for Instruction or the Vice President for Student and Academic Services.

B. The "Statement of Grievance" shall name the faculty member(s) involved, shall state the facts giving rise to the grievance, shall identify by appropriate reference each provision of this Agreement alleged to be violated, shall state the contention of the faculty member and of the Association with respect to these provisions, and shall indicate the specific relief requested.

C. Within five (5) business days after receiving the grievance, the Vice President for Instruction or the Vice President for Student and Academic Services shall communicate his or her answer in writing to the grievant and to the Association Representative.

0802.3  Step Two

A. If the grievance is not resolved in Step One, the grievant shall, within ten (10) business days of receipt of the Step One answer, request a meeting with the Vice President for Human Resources and Labor Relations or his or her designee, to discuss the grievance. The meeting shall be scheduled expeditiously, and shall occur not later than fourteen (14) business days from the date of the request.
B. The Vice President of Human Resources and Labor Relations, or his or her designated representative, shall give the Association Representative an answer in writing no later than fourteen (14) business days after the step two meeting.

0803 Step Three Arbitration

0803.1 Time Limit. Within forty-five (45) calendar days after receipt of the Step Two decision, the Association, upon written notice to the Vice President of Human Resources and Labor Relations, may submit the grievance to arbitration to the Michigan Employment Relations Commission, and pursuant to its then existing rules, requesting a list of ten (10) proposed arbitrators.

0803.2 Powers of the Arbitrator. It shall be the function of the Arbitrator, except as limited below, after due investigation, to make a decision in cases of alleged violation of the articles and sections of this Agreement and any rules or regulations.

A. The Arbitrator shall not have power to add to, or subtract from, disregard, alter, or modify any of the terms of this Agreement.

B. The Arbitrator shall not require either party to commit an act that is contrary to law.

C. The fees and expenses of the Arbitrator shall be shared equally by the College and the Association.

D. The fact that the grievance has been considered by the parties in the preceding steps of the grievance shall not constitute a waiver of jurisdictional limitations upon the Arbitrator in this Agreement.

E. The Arbitrator shall not have the power to award punitive damages.

0803.3 There shall be no appeal from the Arbitrator's decision if within the scope of his or her authority as set forth above. It shall be final and binding on the Association, the faculty member or members involved, and the Board. The Association, the Board, and its agents shall not encourage or cooperate with any appeal of an arbitrator's decision to any court or labor board; nor shall the Association or the Board attempt to bring about by any other means the settlement of any grievance; nor shall the Association or the Board appeal any decision of any court or labor board to an Arbitrator under this procedure.

0804 Grievance Appearance and Representation

0804.1 Hearings held under this procedure shall be conducted at a time and place which will afford a fair and reasonable opportunity for all persons, including witnesses, to be present.

0804.2 The Board and the Association are responsible for the payment of their own representatives and witnesses involved in any grievance and/or arbitration meeting.

0804.3 If the grievance arises from an action of authority higher than the Dean, the faculty member may present such grievance at Step Two of this procedure. This
is also true if, in the judgment of the Association, a grievance affects a group or class of faculty.

0804.4 No reprisals of any kind will be taken by the Board or its agents against any aggrieved person, any party in interest, or any Association Representative, or any other participant in the grievance procedure by reason of such participation.

0804.5 A faculty member may be represented at all stages of the grievance procedure by himself/herself, or at his or her option, by an Association Representative. If a faculty member is not represented by the Association, the Association shall have the right to be present and to state its views at all stages of the grievance procedure.

0805 Grievance Time Limits

0805.1 Time limits provided in the Agreement may be extended by mutual agreement when signed by the parties.

0805.2 Failure at any step of this procedure to communicate the decision on a grievance within the specified time limit shall automatically move the grievance to the next step of this procedure.

0805.3 Any grievance not advanced from one step to the next within the time limits of that step, shall be deemed resolved by the Board agent's answer at the previous step.

If the Dean challenges the credit, a committee of three (3) members of the bargaining unit appointed by the Association and two (2) administrators appointed by the President of the College will make a final decision, either certifying or disallowing the credit and awarding or denying the point. The report of the committee will become part of the faculty member’s personnel file.
Candidate Files. Applicant files become candidate files when the applicant file is sent to the Office of Human Resource Management with a request for employment. The candidate’s file will be prepared by the Office of Human Resource Management. It will include all credentials required by the Board.

Credentials. The Vice President for Human Resources and Labor Relations will examine the applicant’s credentials and verify their validity. They may request additional verification of claims from the applicant if they deem it advisable. When they receive such verification, or if they do not deem such verification necessary, they will proceed to the next step in the employment process.

Initial Point Chart. An individual recommended for a professional position in the bargaining unit shall have an Initial Point Allocation chart prepared by the Office of Human Resource Management to determine their initial step on the salary schedule.

Point Allocation Chart Verification. Upon completion of the initial point allocation chart the Association shall be notified that the chart and accompanying documents the individual has provided for support of their claim to academic and professional accomplishments are available for review.

Association Agreement. If the Association officer agrees to the point chart, they will notify the Vice President of Human Resources and Labor Relations, who will then proceed to the next step in the employment process.

Association Objection. If the Association officer disagrees, they will so inform the Vice President for Human Resources and Labor Relations, in writing, who then may proceed to the next step in the employment process, but under knowledge of protest from the Association.

Right to Grieve Objection. Should the Vice President for Human Resources and Labor Relations not be able to remove the protest through explanation to the Association, the matter shall be subject to immediate written grievance filed at the final step.
This Agreement shall become effective August 29, 2018.

IN WITNESS WHEREOF, the parties hereto have caused this instrument to be executed as of April 27, 2018.

Benefits for Other Qualified Adults

The Administration and the Association agree that the Administration will extend appropriate fringe benefits and leave provisions to unit members who do not already enroll a spouse in the health or other benefit plans and who elect to enroll one Other Qualified Adult for benefit coverage. A unit member may elect such coverage if all of the following eligibility criteria are met:

- The employee is eligible for benefits;
- The Other Qualified Adult, at the time of proposed enrollment, shares a primary residence with the employee and has done so for the previous six continuous months, other than as an employee or tenant.
- The employee submits satisfactory proof of residence for the other qualified adult. The Office of Human Resource Management will maintain a list of documents that may be submitted for proof of residence.
- The Other Qualified Adult is not eligible for health insurance coverage through another employer.

The following individuals are not eligible for coverage as an Other Qualified Adult: The employee’s or the employee’s spouses:

- Parents
- Parents’ other descendants (siblings, nieces, nephews)
- Grandparents and their descendants (aunts, uncles, cousins)
- Renters, boarders, tenants, employees
- Children or their descendants (children, grandchildren)

These benefits will be extended provided that it is not contrary to law to do so. Should the legislature mandate economic sanctions against the College for taking this action, the Association will hold the College harmless for any such sanction. The Association agrees that if an economic sanction is
imposed, the WCCEA salary schedules will be adjusted to compensate the College for any penalties or reduction in State appropriations.

AND

THE WASHTENAW COMMUNITY COLLEGE BOARD OF TRUSTEES

Contract Training

The undersigned parties hereby acknowledge that to implement a Contract Training program (as defined herein), certain provisions of the Master Agreement between the Board and the Association need to be modified.

Definition

Contract Training describes a type of educational service provided by the College under written agreement (a contract) to a corporation, company, or group. Three qualities distinguish Contract Training from all other types of educational services that the College provides.

Contract Training involves a written agreement between the College and the client to provide specified educational services to a specified audience for a specified time period. This training may range from offering a presently existing course to creating a training program from scratch. Training may be credit and/or non-credit offerings.

Contract Training involves delivering training to a specific group of individuals who actually function as a third party in this enterprise (the College and the corporate client being the first two parties). Thus the College administration negotiates with representatives of a corporation (e.g., corporate trainers, attorneys and/or personnel officers) to provide educational services to some third party (e.g., a group of that corporation's employees).

Only those persons (the third party) approved by the first two parties (or one of the first two parties) may receive the services. Persons identified by the client (i.e. the corporation) receive priority admission into a course or program.

Contract Revisions

Notwithstanding the applicable provisions of the WCCEA Master Agreement, the contract revisions listed below shall be permitted. These modifications shall cease upon the expiration of the present Master Agreement unless explicitly negotiated into the subsequent agreement.
Contract Revisions

Part-time faculty members may be employed for Contract Training assignments which exceed the constraints of Section 0108.1, but in these cases, part-time faculty members may not exceed an average of eight (8) contact hours per week for the academic year.

Contract Training assignments shall comply with the provisions of 0016 Performance Contracts, 0118 Faculty Schedules and Other Assignments, and 0210 Specific Involvement of the WCCEA Master Agreement.

Professional Faculty members involved in Contract Training as an overload assignment shall be paid at the rate of one and one-half (1 1/2) times the faculty member's overload rate for all hours worked in Contract Training Assignments on Sundays. A classified faculty member involved in Contract Training shall be paid at the rate of two (2) times the classified faculty member's hourly rate for all hours worked on Sundays.

Professional faculty members, who accept a Contract Training assignment as overload, may choose to waive the overload pay and instead "front load" those hours worked to a subsequent semester within the academic year in which they are presently working. Professional faculty members may not front load such an amount of this Contract Training work that the accumulated [front-load] hours would satisfy their teaching obligation and other responsibilities during any subsequent semester of that academic year (as per Section 011).

The evaluation process for Professional Counselors, Librarians, Service Personnel, and Classified Faculty remains the formal PDE process with the appropriate review for “following process” by the PDE Appeals Committee. The recommendation of that committee is sent to the President.

Although the evaluation process for professional teaching faculty does not use the PDE process, the evaluation process for professional teaching faculty does reference the PDE Appeals Committee. The evaluation process for professional teaching faculty follows the parameters set forth in Section 206 of the Master Agreement. [Note: the informal improvement plan usually initiated by SOQ flags is a possible precursor to the formal evaluation process.] Section 206.1 describes a thirty (30) calendar day period between the distribution of administration determined criteria and the implementation of those criteria for evaluation. It is mutually agreed that during the first fifteen days (15) of said thirty (30) days, the faculty member being evaluated may request a review of the process followed by the administration to that point. Such a review, requested in writing by the faculty member to the Vice President for Human Resources and Labor Relations, will be limited to procedural issues and will be conducted by the PDE Appeals Committee in a timely manner but so as to produce a recommendation within the original thirty (30) day period. In particular, this review process will not delay the evaluation process. The recommendation of the PDE Appeals Committee will be sent to the Vice President for Instruction for consideration and corrective action if necessary.

In addition, it is mutually agreed that it will be mutually advantageous to have all formal evaluations that result from an unsuccessful informal improvement plan start in the Fall semester. Formal evaluations originated for reasons outside of the informal improvement plan process may start at any time. A professional teaching faculty member who was in the informal process in a Fall semester and who remains on informal review will not be eligible for overload in the subsequent Winter semester. A professional teaching faculty member who was in the informal process in a Winter semester and who is either remaining on informal or moving to a formal evaluation process will not be eligible for overload in the Spring/Summer semester. In any case, professional teaching faculty members on second or subsequent continuous semesters of informal improvement plans are not eligible for overload. It is the desire of both the Administration and the Association to not extend informal improvement plans beyond two full semesters of teaching, except in cases where there is no practical alternative.
If at the end of a “full semester” of formal evaluation the Dean determines that the professional teaching faculty member needs to remain under formal evaluation, then the faculty member may request a review of the process by the PDE Appeals Committee. [To be a “full semester” of formal evaluation, the evaluation must be in use starting with the first teaching day of the semester.] The request for review is to be sent in writing to the Associate Vice President for Human Resources and Labor Relations no later than the first reporting day of the next semester. The PDE Appeals Committee will meet to consider the issue as soon as possible thereafter. That committee will quantitatively review the objective goals and their appropriate measures as set forth in the Dean’s statement of criteria. Criteria that are of a subjective nature will be reviewed to be sure that they were evaluated and that an explanation of their evaluation has been given. The PDE Appeals Committee will not review or judge the Dean’s determination of the meaning of the evaluation of subjective criteria. The PDE Appeals Committee will send its recommendation to the Vice President for Instruction for consideration and corrective action if necessary.

After at most two full consecutive semesters of formal evaluation and based on the results of that evaluation, the status of the Professional Teaching faculty member shall be resolved in one of the following three (3) ways:

1. A return to normal status;
2. A return to an “informal improvement plan”, without access to overload; or
3. Recommendation for termination.

The Administration and the Association agree that the following language shall define and apply to the P.D.E. Appeals Committee:

PDE Appeals Committee (AC)

1. A standing Faculty PDE Appeals Committee (AC) shall be established. The membership of the AC shall be determined annually by January 1 of each year. The AC shall be composed of seven members serving one-year terms, three of whom are chosen by the President of the College, three of whom are chosen by the WCCEA, and one of whom is mutually agreed upon by the college President and the WCCEA. One alternate from each of the three categories shall also be selected. The college and the WCCEA, in accordance with established procedures, shall appoint co-chairs. Neither the faculty member requesting the appeal, nor the respective dean conducting the evaluation may serve on the AC to hear an appeal in which they are the principals.

2. Procedures involving the PDE Appeals Committee are related to the classification of faculty.

For Professional Teaching Faculty:

As noted above, Professional Teaching faculty have two (2) appropriate instances where they may submit an appeal to the AC. The first is during the “thirty (30) day period” between the distribution of administration determined criteria and the implementation of those criteria for evaluation. The second is at the end of a “full semester” of formal evaluation in the case that the Dean determines that the professional teaching faculty member needs to remain under formal evaluation. The responsibilities of the AC in both cases is outlined above.

For Professional Counselors, Librarians, and Service Personnel, and Classified Faculty:

Also noted above, the evaluation process for Professional Counselors, Librarians, and Service Personnel, and Classified Faculty remains the formal PDE process with the appropriate review for “following process” by the PDE Appeals Committee. The details of the AC involvement in this case is given below where reference to “faculty member” means Professional Counselor, Professional Librarian, Professional Service Personnel or Classified Faculty.
a. Steps of the Appeals Process

All appeals must first be processed through the Informal Appeal Step, the Formal Appeal Step, and the Reconciliation Step. Faculty members may only access the grievance procedure after exhaustion of remedies available under the Informal and Formal Appeals Steps. Complaints filed under the grievance procedure shall be initiated at Step II of the grievance procedure.

b. Informal Appeal

Within five (5) teaching days of the receipt of the formal evaluation document, a faculty member who disagrees with the dean’s written PDE statements or judgments may first discuss the matter with the dean. If the dean does not respond to the concern or a resolution is not reached within five (5) teaching days, the faculty member may move the concern to the Formal Appeal step.

c. Formal Appeal

If a disagreement remains after the informal discussion, the faculty member may prepare a written statement to the concern, which shall be attached to all copies of the PDE document. The written appeal must be presented to the Appeals Committee (AC) within ten (10) teaching days after the dean’s oral response to the concern.

The faculty member making the appeal shall clearly state in writing what is being appealed and the date of the faculty member’s receipt of the PDE statement. The actual evaluation or other documents shall also be sent to the AC. Copies of the evaluation and the appeal notice shall also be sent to the Vice President for Instruction and to the President of the WCCEA.

The AC shall examine all pertinent materials relevant to the concern and will normally interview the faculty member and the dean. The AC may also require the faculty member and the dean to provide any additional information related directly to the evaluation.

The AC shall produce a written report of its findings. The report shall include a summary of the committee’s activities and reasons for its conclusions. A minority report may be submitted. The report(s) shall be sent to the College President. Copies of the report(s) shall be sent to the Vice President for Instruction, the WCCEA President, the faculty member and the respective dean.

The AC report shall become part of the official college records and shall be maintained in the Human Resource Management office.

If the Appeals Committee fails to complete its report within twenty (20) teaching days after receiving a specific appeal, the faculty member may move the appeal to Step II of the grievance procedure.

d. Reconciliation

After receipt of the Appeals committee report, the dean and faculty member shall meet to determine if there is a basis for agreement in light of the AC report recommendation. If the matter is not resolved within five (5) teaching days, the faculty member may move the appeal to Step II of the grievance procedure.

e. Grievance Procedure Appeal

If the faculty member is dissatisfied with the outcome of the reconciliation conference, they may file the appeal at the Second Step of the grievance procedure (Section 00802.2). Appeals to the grievance procedure must be done in accordance with the terms and conditions of the WCCEA Master Agreement.

f. Time Lines

It is the intention of the parties to adhere to the time lines outlined above. However, these time lines may be extended by mutual agreement of the parties.
g. Final Resolution of the Dispute

The final resolution of the dispute at any phase of the process must be communicated in writing.

Part-Time Faculty Specialized Pay Rate

In the event any division or department of the College proposes to offer a credit or noncredit course or training for which special course development or teaching credentials are required, the College may hire part-time faculty at a specialized rate of pay if the following criteria are met:

1. The proposed rate of pay is the usual and customary rate of a person with the credentials and experience of the proposed faculty member.

2. The proposed specialized rate is submitted for review to the Vice President for Instruction along with the credentials of the proposed faculty, a description of the course to be taught, and documentation supporting the specialized rate of pay.

3. A part-time faculty member may be hired, without review by a special committee, at a rate not to exceed the top full-time faculty overload rate, rounded up to the next five dollars ($5.00).

4. Should a request be made to pay a rate greater than the above rate, the Vice President for Instruction shall notify the President of the Association of the request, stating the rate to be paid, the given justification of the rate, and the duration of the current commitment. Should the President of the Association have questions regarding the rate, they may notify the Vice President for Instruction and/or convene the Contract Implementation Committee to discuss the issue. If, after review of the materials submitted by the administrator, the Contract Implementation Committee determines that the specialized rate of pay is not justified, the specialized rate may not be paid for any services performed beyond the duration of the current commitment.

The WCCEA and Board of Trustees recognize that the College is primarily a teaching institution, and that teaching plays a central role in the responsibilities of instructional faculty. The BOT and the WCCEA agree that:

A. Section 0206, in its entirety, of the Master Agreement is separate from and not related to the Faculty Evaluation described herein.

B. All reference to the evaluation of full time professional teaching faculty and of adjunct faculty in previous Letters of Agreements are hereby removed. All references to the Student Opinion Questionnaire in Paragraphs 2.0.2 and 2.1 of Appendix E of the Master Agreement are hereby removed.

C. The WCCEA and the Board of Trustees remain committed to supporting the improvement of professional teaching performance.

D. All faculty are required to execute the Student Opinion Questionnaire in their courses.

E. The processes described below, termed the SOQ Evaluation and Curriculum & Assessment Evaluation, are in addition to all other evaluation items in the Master Agreement.

Student Opinion Questionnaires (SOQs):

Student Opinion Questionnaires (SOQs) will be used by all WCC faculty as an informative tool to aid in their professional reflection and improvement of teaching.

Curriculum & Assessment Evaluation:

1. Applies to all full-time professional teaching faculty.

2. Each faculty member will complete one master syllabus revision and one assessment activity (course or program) within a two-year evaluation period. The two-year evaluation period will begin and end on the first day of In-Service of the Fall Semester. The "Curriculum and
Assessment” portion of this Letter of Agreement is considered to have been in effect since August 18, 2015.

3. Each faculty member will identify the proposed curriculum and assessment work via a department activity planning form that will be submitted by the department chair and approved by division dean at the beginning of each two-year evaluation cycle. The proposed curriculum and assessment work of each faculty member will meet the minimum requirement outlined in Paragraph 2. No faculty member can be directly assigned a specific course for curriculum or assessment duties by a supervising dean. Priority should be given to courses that are overdue for curriculum and assessment updates.

4. The departmental activity planning form will be updated at the beginning of each Fall semester.

5. Assessment should precede Master Syllabus revisions if possible.

6. More than one faculty member can assume responsibility for a program or course assessment if such joint collaboration is approved by their division dean; this will satisfy the assessment responsibility for all faculty members involved. Courses that are eligible for more than one faculty member to assess would include courses with a large number of sections and/or courses with an inherent complexity in the assessment of that course.

7. Faculty who qualify for joint assessment must submit an outline of the specific duties and responsibilities that each individual faculty member will complete. The outline shall be approved by the division dean. Any faculty member working on a collaborative joint assessment will not be penalized and/or reprimanded if the duties and responsibilities of the collaborating faculty member are not met and/or impedes a completed assessment.

8. Any faculty member who does not complete both the required curriculum and assessment work minimum within the two-year evaluation cycle defined in Paragraph 2 shall meet with their dean within two weeks of the start of the semester and submit a plan of completion for the required work. A grace period of one semester shall be given for completion of the work. Failure to submit the required work by the end of the grace period may result in disciplinary action under the provisions of Paragraph 0205 of the Master Agreement.

The Contract Implementation Committee agree to closely monitor the implementation and practice of this letter and will recommend changes to the system, as it deems appropriate.
