

ANNEX – E: CHEMICAL RELEASE / HAZARDOUS MATERIALS

There are a variety of chemicals and potentially hazardous materials used in many of the buildings on the Washtenaw Community College campus.

In the event of a chemical release or hazardous materials emergency:

- Evacuate the room and secure the door.
- Call Campus Safety at 973-3411 or 3411 from a college phone, or by using one of the red emergency phones. Give them the location of the incident and tell them what happened.

If you encounter a noxious odor or feel a burning sensation on your skin or in your eyes, exit the area. Immediately call Campus Safety at 973-3411 or 3411 from a college phone, or by using one of the red emergency phones.
