

# **Sustainability Literacy Task Force**

## **Year of Sustainability Solutions**

### **2018-2019**

**Nature Walk, Tuesday, Sept 25, 2018, 3:30- 5:00 PM. Meet under the GM Bridge** for a walk with nature expert Greg Vaclavek! Rain date Wednesday, Sept 26, 2018. This sustainability solution involves appreciating the natural environment.

**UM Harvest Fest and Tour of Straw Bale Construction, Sunday, October 7, 2018, 1-4 PM, Matthai Botanical Gardens** on Dixboro Rd. Join UM students for a look at the Campus Farm and Straw Bale Construction! This sustainability solution involves lowering heating and cooling needs in buildings by using insulating bales of straw and adobe as construction materials.

**Book Club: *Loosed Upon the World: The Saga Anthology of Climate Fiction*, Thursday, October 25, 2018, 3:45-5:00 PM, Writing Center.** Join us for a discussion of selections from this great anthology! This sustainability solution lets readers imagine problem and solution scenarios, which is where real solutions will arise!

**Empty Bowls Event, Wednesday, November 14, 2018, lunchtime, SC 1<sup>st</sup> floor.** Join us for an event where you can purchase (or gaze at) beautiful, hand-made bowls and benefit those with food insecurity on campus. This sustainability solution addresses environmental justice, to try to make food available to all.
