

Win a GoPro camera!

Post a photo from today's Open House on Facebook, Twitter and/or Instagram and tag Washtenaw Community College in your description. Every tagged photo posted between 11am and 4pm today will be entered into a random drawing for a GoPro camera, so post early and often – and on multiple social media outlets! The winner will be notified via social media on Monday, Sept. 25.

Fall Open House (11:00am - 3:00pm)

1	Health & Fitness Center	The Health & Fitness Center at Washtenaw Community College is celebrating its 10 year anniversary. Tour this amazing facility from 10:00am to 3:00pm.	HF
2	Bailey Library & Computer Commons	Doing research on genealogy, to start a business, or just to scratch an intellectual itch? Bailey library and the computer commons is the place to start. Did you know WCC's library serves the public? You do now, check it out!	GM 1st floor
3	Ceramics Studio: Tour & Wheel Throwing Demonstration	Calling all creatives! WCC's ceramics studio boasts state-of-the-art facilities for the age-old art craft of pottery. Tour the lab and watch as faculty experts demonstrate pot throwing.	TI 135
4	BMI's & Robot Manikins	Stop by the Nursing Labs for a FREE health screening and see our robot manikin in action. Choose from blood pressure, BMI, and glucose testing – or do all three! This open house is sponsored by the Student Nurses' Association.	TI 205
5	A Day In Surgery!	Visit Surgical Technology and Sterile Processing Labs. Find out what happens in the operating room before the patient arrives.	TI 226
6	Party in the Park	Cider and donuts, carnival food, and fun activities for kids of all ages – all we need is you to make it a party!	SC Circle Drive
7	Campus Tours	Experience WCC's beautiful campus in a whole new way – these tours are not the standard campus tour! For those with mobility concern, limited tours will be available using a golf cart. Show up early to save a spot!	SC Circle Drive
8	HVAC	How many different types of furnaces and air conditioners can you identify? We'll blow your socks off with the collection that our students train on. Stop by the HVAC lab to learn more!	OE 107
9	Welding & Fabrication	Join our community welding competition, watch a laser or plasma cutter in action, or learn about why our specialized X-ray machine is the future of welding.	OE137
10	Advanced Manufacturing	Additive (3D printing) and subtractive (CNC Machining) manufacturing demonstrations. If you think the future of manufacturing is dead, you've got to see this!	OE143
11	Auto Body	This is where half the magic for our custom cars happens. Check out the facilities where vehicles receive custom body work and electric paint jobs.	OE161
12	Auto Service	The other half of our custom car magic occurs within the auto services, which includes training facilities for ASE certified mechanics.	OE163
13	Motorcycle Services	Watch the Dyno Shootout while you're checking student built custom bikes. What's a dyno shootout? Grab some popcorn and find out.	OE184
