For OPT Staff
Washtenaw Community College provides comprehensive, market-competitive benefits that meet the needs of our employees and their families. This brochure provides a summary of the benefits available to you.
Who can be covered on my plan?

**Spouses and Children:** Your legally married spouse and your eligible children up to age 26 (through end of calendar year). Eligible children include: your natural children, foster children, stepchildren, adopted children, or any child for whom you are the legal guardian.

**Proof of Dependency:** Official birth certificate (dependents) and/or marriage license (spouse) should be uploaded as part of your benefits enrollment via Bswift (our enrollment software).

When is my coverage effective?

On the 1st day of the month following your date of hire. For example, if hired on June 15, coverage begins on July 1. The benefits you elect now are effective through the end of the calendar year (December 31).

When can I make changes to my benefits?

- **Annual Open Enrollment:** This occurs every Autumn (around November 1). Any changes made during Open Enrollment will be effective January 1 of the following year.

- **Life Events:** Such as: marriage, divorce, birth or adoption, death of a spouse or dependent, the start or termination of your spouse's employment, their annual enrollment period, or if a dependent becomes or ceases to be eligible. If you have one of these events mid-year, you can make changes to your benefits within 30 days of the event date by adding a Life Event Enrollment to your Employee File in the Bswift Benefits system (via Intranet).

What if I already have healthcare coverage?

If you choose to maintain other coverage outside of WCC, you can “waive” our healthcare and/or dental plans and receive a rebate of $1,500 - $1,650/year (divided into 24 installments annually).

**Important Deadline to Enroll or Waive Benefits**

You must make your health benefits elections within 30 days from your date of hire. If you do not, you will default into the BCBS Simply Blue single coverage plan with unfunded HSA. ($2,831.28/year)

**SPECIAL NOTICE for Medicare Eligible Employees and Dependents**

WCC’s health plans include prescription drug coverage which exceeds the coverage provided under Medicare Part D. Therefore, WCC’s prescription drug coverage is considered ‘creditable coverage’ per Medicare Part D criteria.

HSA Accounts: To be eligible to contribute to a health savings account you can’t be covered by any other medical plan including Medicare Parts A and/or B, you can’t be claimed as a dependent on someone else’s tax return, and you can’t be covered by a spouse’s flexible spending account.

Our Medical and Prescription Drug Plans

WCC offers High Deductible Health Plans (HDHP):

- You play an active role in managing your healthcare expenses. Just as you shop around for the most competitive rates/cost when getting a mortgage or buying a car, you should do the same when seeking healthcare.
- You pay 100% of costs up to the plan deductible amount. The plan deductible and out of pocket costs vary among plans.
- Can be combined with a Health Savings Account (HSA). If you choose a plan with a Funded HSA Account, the College will fund up to 100% of your deductible to help with those costs.

What plan is best for me?

HMO or PPO? Both plans provide excellent medical coverage, behavioral healthcare, and use a network of physicians, hospitals and other professionals to give you the highest quality care. The difference between them is the way you interact with those networks, described below.

- **Blue Care Network HMO:** is a managed care plan which requires a Primary Care Physician (PCP); nearly all providers in southeastern Michigan participate in the plan. Getting a referral to see a specialist is easy and often managed virtually, without the need for an appointment. You continue to pay 20% of medical services and prescription copays after meeting the plan deductible, but services and prescription copays are offered at a discounted rate until you reach the annual maximum out of pocket amount. If you are traveling out of state/country, or have children attending college out of state, urgent/emergency services are covered.

- **Simply Blue PPO** provides more flexibility with providers and specialists; this often means fewer referrals. In-network medical services are covered 100% after you meet the plan deductible and prescription copays are offered at a discounted rate. If you spend a considerable portion of time out side of Michigan, or have a child attending college out of state, this plan provides a national network of participating providers.

Review a Cost Comparison Scenario

Should I take the self-funded, 50% funded, or 100% funded plan?

This depends on how much you and/or your family expect to utilize the plan benefits. If you are pretty healthy and rarely seek medical care, then you are likely to save money by choosing one of the lower cost plans (HMO unfunded or 50% funded)—you probably won’t use the HSA funds the college offers. On the other hand, if you regularly seek care or have a growing family, it may be in your best interest to take one of the funded options and use the HSA funding to cover the costs towards your deductible. With all of the plan options, you have the ability to add additional funds to your HSA account up to the federally allowed limits via payroll deduction.

*Cost per pay*: deductions for benefits are only deducted from 24 pays per year. On occasions when there are 3 pay periods within a month, deductions will not be made from that 3rd pay.

**Max out of pocket**: this is the amount you have to reach before 100% of eligible costs are covered; however, after meeting the deductible your costs are reduced to a 20% co-insurance up to the max out of pocket (medical and RX). This amount is for in-network expenses only, please consult the summary plan document on the Intranet or your BCBSM online account to view costs related to using out of network providers.

**Co-Insurance**: Employees can contribute to an HSA via payroll deduction to cover any remaining responsibility for deductibles or co-insurance. The maximum contribution for 2024 (including any college contribution) is as follows: Single = $4,150, Double/Family = $8,300.

How will I pay for costs related to Healthcare?

If you are enrolled in one of WCC’s group healthcare plans (BCN HMO or Simply Blue PPO), you can use a Health Savings Account (HSA) to save tax-free dollars and to pay for expenses related to healthcare, prescription medications, dental care, vision and even some over the counter products. Here is a full list of eligible expenses. Just remember that even though you can use these funds for other health and wellness related expenses, only the costs related to Healthcare count toward your annual plan deductible.

How can I contribute to a Health Savings Account?

When you first enroll in a medical plan with WCC, you can elect an amount to contribute to your HSA account in addition to what WCC contributes (amount depends on the plan option you choose - 0%, 50% or 100% of your plan deductible). You can contribute up to the IRS annual limits as shown in the chart below and the amount will be deducted from your payroll deposit each pay period. If at anytime you wish to change this amount, you can fill out a change form found on our the WCC Intranet (Human Resources--> HR/Payroll Forms).

Learn more about the advantages of contributing to an HSA.

The 2024 tax year IRS limits for HSA are $4,150 for single and $8,300 for Double/Family (including the college contribution). If you are age 55 or older at any time during the tax year, you can add $1,000 to the numbers above. Your annual goal amount will default to the maximum allowed IRS limits unless you specify differently below.

How can I save money on prescription drugs and medical procedures?

- **For prescription drugs**: Use apps and websites like GoodRX, WellRX, and Pharmacy Checker to save up to 80%.
- **For common medical procedures**: use the “Find a Doctor” feature on the BCBSM website, search for your procedure and compare costs for more than 400 health care services. You can save hundreds of dollars using this feature.
- **Options for care**: on the BCBSM website click the link that says “Find Care”. Discover free and low-cost alternatives to Urgent and Emergency Care such as: 24/7 Nurse Hotline, Online Visits (Telemedicine), and Retail Health Clinics.

What other ways can I save for Health or Daycare expenses?*

- **Medical Flex Spending**: Also known as a Flexible Spending Account (FSA) allows you to set aside money from your paycheck pretax to pay for out-of-pocket health care expenses, such as copayments and coinsurance. When you pay less in taxes, you have more money in your pocket. *You can only have this type of account if you do not have an HSA.*

- **Limited Flex Spending**: Only a Limited Flex Account can be used in conjunction with an HSA account. If you have dental and vision expenses not covered by WCC’s Health Plans (i.e., deductibles, co-payments, etc.), this reimbursement account could be for you.

- **A Dependent Care FSA (DCFSA)** is a pre-tax benefit account used to pay for eligible dependent care services, such as preschool, summer day camp, before or after school programs, and child or adult daycare. It’s a smart, simple way to save money while taking care of your loved ones so that you can continue to work.

*Important Notes*: Limited and Medical Flex = $3,050 max/yr. and Dependent Care Flex = $5,000 max/yr. You must use all of the funds within the calendar year, or else you will lose them.

Benefits FAQ’s
The Choice Is Yours
Your retirement journey with the Michigan Office of Retirement Services (ORS) begins with an important first step—electing your retirement plan. You have two options: the Pension Plus 2 plan or the Defined Contribution plan.
Visit PickMiPlan.org to learn more about the plans. Then go to miAccount and make your election at Michigan.gov/ORSmiAccount.

Pension Plus 2 Plan
- This pairs pension and savings components.
- Your savings component enrolls you in the State of Michigan 401(k) and 457 plans.
- Your pension component guarantees you a monthly benefit for life after you meet age and service requirements.
- Pension payments are not affected by market fluctuations.
- ORS manages your pension component; you manage your savings component.

This plan may be best for you if:
- You plan on working for 10 years or longer for a Michigan public school to receive a guaranteed benefit.
- You want a guaranteed monthly benefit for life in retirement paired with distributions from your savings component determined by your employee and employer contributions and investment returns.

Defined Contribution Plan
- This is a savings plan only.
- This plan enrolls you in the State of Michigan 401(k) and 457 plans.
- Retirement income will depend on contributions to your savings plan and investment performance. Investment returns aren't guaranteed.
- Retirement income ends when your accounts are depleted. Your total retirement income could be more or less than what the Pension Plus 2 plan provides.
- You manage your savings plan.

This plan may be best for you if:
- You plan on working less than 10 years for a Michigan public school and want your retirement savings to go with you.
- You’re comfortable with your retirement income being determined by contributions and investment returns.

Personal Healthcare Fund
With either plan, you’re also placed in a Personal Healthcare Fund (PHF). Contributions from you and your employer are deposited into your savings plan. This can be used to pay for health insurance or other expenses when you retire.

REMEMBER YOU HAVE:
## COMPARE YOUR OPTIONS

### Pension Plus 2 Plan

**Plan overview**

**Pension Component with a Savings Component:** You get a pension and retirement savings in the State of Michigan 401(k) and 457 Plans.

**How long you have to work to qualify for the benefit**

**Pension Component:** You’re vested after 10 years of full-time public school employment. If you never vest, you’ll receive your contributions toward your pension back, with interest.

**Savings Component:** You always keep 100% of your contributions. After two years, you keep 50% of your employer’s contributions; after three years, 75%; and after four years, 100%.

**Income when you retire**

**Pension Component:** To calculate your annual pension amount, ORS multiplies the average of your five highest consecutive years of earnings by your years of service, times 1.5%.

**PLUS**

**Savings Component:** Retirement income is based on your contributions, your employer’s contributions, and investment performance in the State of Michigan 401(k) and 457 Plans.

**The money you and your employer contribute**

*This rate could change each year. You will contribute half of the cost of the plan.

For example, Bobby makes $25,000 per year and works 30 years for a public school. He contributes 6.2% toward his pension and 4% to his savings account. His employer contributes 6.2% toward his pension and 3% toward his savings. His pension income will be $937.50 per month or $11,250 per year. Plus, his potential retirement income from his savings will be $322 per month or $3,864 total in his savings account.***

### Defined Contribution Plan

**Savings:** You save for retirement in the State of Michigan 401(k) and 457 Plans. You do not get a pension.

**Savings:** You always keep 100% of your contributions. After two years, you keep 50% of your employer’s contributions; after three years, 75%; and after four years, 100%.

**Savings:** Retirement income is based on your contributions, your employer’s contributions, and investment performance in the State of Michigan 401(k) and 457 Plans.

**You do not get a pension.**

For example, Susan makes $25,000 per year and works 30 years for a public school. She contributes 5% and her employer contributes 9% to her savings account. Her potential retirement income from her savings account will be $665 per month or $284,065 total in her savings account.***

***These are hypothetical examples for illustrative purposes only and do not represent the performance of an actual investment. It assumes an annual salary of $25,000, pre-tax contributions, contributing regularly at age 30 until retiring at age 60, 26 pay periods per year, a 6% discount rate of return and reinvestment of earnings, investments are subject to investment risk including the possible loss of principal. The investment return and principal value of the security will fluctuate so that when redeemed, it may be worth more or less than the original investment. In addition, these figures do not reflect any adjustment for pay raises, inflation, taxes or any fees, expenses or charges of any investment product. Taxes are generally due upon withdrawal of tax-deferred assets.

Welcome to the Michigan Public Schools Retirement System. You may be thinking it's too soon to be talking about retirement, but taking the time now to learn about your options can make a big difference when you're retired.

You have the choice between two options: the **Pension Plus 2** plan or the **Defined Contribution** plan. Which retirement plan should you choose? There's no right or wrong answer. Everyone's situation is different.

What is important is that you understand your options and make a choice. Once you decide, wait for your welcome letter with your member ID, then log in to miAccount and make your election.

**Which Retirement Plan Is Best For You?**

In the table below, check the box to the left of the statement(s) in each row that applies to you.

### Make Your Election

You can make your election as soon as you receive your welcome letter with your miAccount member ID. Although you have 75 days to make your retirement plan election, it's important to make your choice as early as possible so you don't run out of time. Your 75-day countdown begins when you receive your first paycheck.
