

The Women’s Council is proud to introduce the “Women Helping Women” monthly giving program.

With all the issues women face today, they often feel a need to do something to help each other. The Washtenaw Community College Foundation’s Emergency Fund is the perfect opportunity to help women.

Your donation will make a significant impact on the lives of female students at Washtenaw Community College. The “Women Helping Women” initiative encourages women, no matter their age, education or income level or even political affiliation, to financially support female students challenged with insecurities, including childcare,

transportation, housing, food and other emergency needs which can take precedent over getting to class. And, it’s true that education levels the playing field for women to become self-sufficient.

When you make a financial commitment to be part of this program, you will receive a unique stained glass pin, designed by fused glass artist, Christina Guercio. WCC’s version of “shattering the glass ceiling” pin will symbolize your understanding of our mission to break down barriers facing female students and the importance of getting an education.
